

Star Princess Fact Sheet

Star Princess, the second Sphere Class ship in the Princess fleet, is the sister ship to Sun Princess, the most impressive, luxurious and stunning Love Boats ever created.

With spacious yet intimate venues and more room to explore, Star Princess also has the same eye-catching architectural elements found on Sun Princess including The Dome, a groundbreaking geodesic, glass-enclosed structure at the top of the ship inspired by the terraces of Santorini. The outward and suspended Sphere, the namesake of this new class of ship, takes the central Piazza hub of the ship into a new dimension. Guests are enveloped with expansive views and an open concept, inspired to deliver the desired lifestyle of relaxed indoor and outdoor living.

On Star Princess guests will have enhancements like expanded dining venues, leisure experiences and non-smoking casino areas.
